

# TOWARDS A MORE KNOWLEDGEABLE WORLD

with Knowledge E

**Working towards  
better discovery,  
development &  
dissemination of  
knowledge.**

## **About us**

In a world that's moving faster than ever, the availability, quality, and pursuit of knowledge is fundamental for advancement. Knowledge E helps institutions advance the quality of their research; move towards teaching excellence; upgrade library technology, services, and practices; advance scholarship through journal publication, management, and training. In other words, working with higher education institutions, publishers, and scholars to solve our society's most significant challenges.

E-Resources & Digital Library Solutions

# COLLABORATING WITH WORLD CLASS PUBLISHERS

Top tier content covering all disciplines

## Knowledge E provides different **content types**

### **Journal collections**

Top academic journal collections across leading publishers.

### **e-Book collections**

Flexible access models, extensive multidisciplinary content and more.

### **Online databases**

Curated to meet the growing demands of scholarly research.

### **Workflow solutions**

Help scientists gain actionable insights that lead to innovation.

### **Research management**

Tools that support strategic decision making so that research can flourish.

## Go beyond access to content

Our digital library services are designed to facilitate access to academic resources while offering institutions insight into user behaviour and the ability to evaluate return on investment. Our expert team also facilitates training and awareness sessions and provides technical support every step of the way.

**We give your researchers the tools, insights, and platform to produce, publish and promote their research.**

## **Increase your research impact**

As a boutique business, we will provide you with a bespoke service tailored to your specific needs, helping you to increase the quantity and quality, visibility and impact of your institution's research outputs.

## **Enhance your reputation**

We have developed a suite of services designed to enhance your institution's reputation and competitiveness – both nationally and internationally.

## **Achieve ranking ambitions**

Our unique holistic approach offers an end-to-end scholarly publication solution – motivating and educating your researchers, and maximising publication opportunities, to increase your institution's global standing.

## **Why choose us?**

Aside from a seamless journey from start to finish, facilitated by our client excellence department, at KnE we believe that being a part of the Knowledge E family means becoming part of something bigger. We look to inspire positive change in the world while shaping the future of the global knowledge economy and finally showing how a small company can make a big difference.

From disaster relief to building schools in remote areas, Knowledge E partners with organisations to support worthwhile causes to make a difference.
